MERIT ONCOLOGY CAFÉ— NOW ON SPOTIFY

As a provider of world class solutions for the diagnosis, localization, and treatment of cancer, Merit Oncology consistently invests in improving our technologies and state of the art platforms to meet our physicians' needs.

The global leader in wire free localization is proud to present our new podcast channel: **Merit Oncology Café**. Created to deliver new and compelling information in partnership with leaders in breast/surgical oncology and radiology. Get connected with us as we continue to educate on the patient and healthcare

system benefits of SCOUT[®] Radar localization.

Enjoy our premier episode—***Is It Time to Consider Time of Biopsy Placement with SCOUT[®]?***—as we join Intermountain Healthcare's Dr. Brett Parkinson, Cleveland Clinic's Dr. Stephanie Valente, and University of Colorado's Dr. Colleen Murphy for a conversation on the workstream advantages and patient benefits provided by adopting SCOUT Radar Localization at Time of Biopsy. The discussion will also include techniques for de-escalating axillary surgery.

Dr. Stephanie Valente,
Cleveland Clinic

Dr. Brett Parkinson,
Intermountain Healthcare

Dr. Colleen Murphy,
University of Colorado

We hope you find this new platform both informative and convenient, and another way that Merit Oncology is continuously investing in educating our community.
